CF08 Toughbook Wireless Display

Panasonic's CF08 Toughbook Wireless Display... a portable order-taking genius.

The Panasonic CF08 Toughbook Wireless Display takes traditional order taking to the street. With a fully rugged, yet lightweight design, and large, outdoor readable LCD display, you can follow your customer wherever they go, providing faster service and greater customer satisfaction. See where the Panasonic CF08 Wireless Display can take your operation!

Innovative

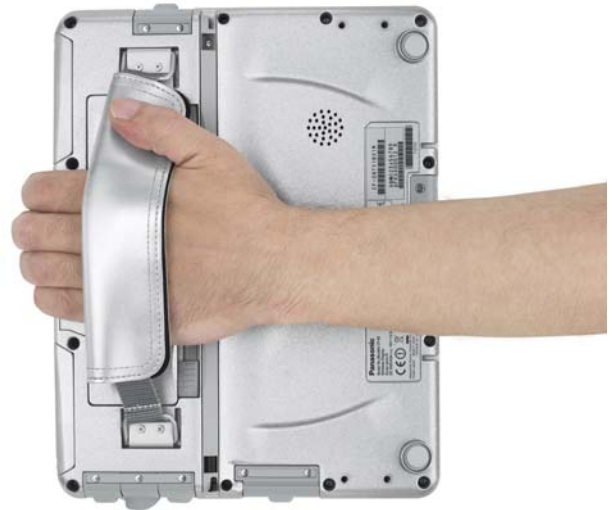

- Long lines slowing down your drive-thru? Bust the line and increase your speed of service using the lightweight CF08 Wireless Display.
- Save time and money on training and application software with the CF08 Wireless Display. The sizeable screen allows you to utilize the same application and screen layouts as your fixed workstations!
- The full color touchscreen is readable even in bright daylight conditions, allowing your staff to easily operate the CF08 during your busy breakfast and lunch dayparts.
- A long battery life allows the CF08 to operate continuously during your peak periods, needing only a quick charge between dayparts.

Large screen mirrors fixed workstation application

Rugged

- Built to military specifications, the full magnesium alloy case of the CF08 can handle the rigors of the harshest restaurant environments, indoors or out.
- An easy-to-hold handle keeps the CF08 secure and allows your staff to concentrate on customer order-taking – not on handling the portable unit.
- Additional protection for the CF08 is available with the optional TuffDock, which locks the CF08 in a scratch and shatter-resistant plastic exterior that shrouds a cold-rolled steel skeleton.

Easy-to-hold handle
